CAMTEK LTD. ANNOUNCES RESULTS FOR THIRD QUARTER OF 2007

Revenues \$20.2 million 32% sequential improvement

**Returned to profitability
Positive operating cash flow**

MIGDAL HAEMEK, Israel, November 14, 2007 - Camtek Ltd. (NASDAQ: CAMT; TASE: CAMT), announced today its financial results for the third quarter ended September 30, 2007.

Revenues for the third quarter of 2007 were \$20.2 million, 23% below the \$26.3 million reported in the third quarter of 2006, and sequentially 32% above the \$15.3 million reported in the second quarter of 2007. These revenues are slightly above the guidance range of \$17-20 million provided for the third quarter.

Gross profit margin for the third quarter of 2007 was 37.6%, compared to 53.2% for the third quarter of 2006, and 40.8% for the second quarter of 2007.

The Company reported third quarter net income of \$85 thousand, or \$0 per diluted share, compared to a net income of \$4.2 million, or \$0.14 per diluted share, in the third quarter of last year, and a loss of \$3.5 million, or (\$0.11) per basic share, in the second quarter of 2007.

"I am pleased with our third quarter results as we achieved our revenues and cost structure goals, despite the softness in the semiconductor industry," commented Rafi Amit, Camtek's CEO. "Sales to the PCB industry were strong, indicating both an increasing level of activity and the success of our new 3G AOI product lines to this market. While the softness in demand in the semiconductor sector continued throughout the third quarter, we did see an increase in incoming orders during the third quarter which we expect to recognize in the fourth quarter."

Mr. Amit continued, "In the third quarter we have realized the full contribution of the cost reduction measures we have implemented throughout the year. We recorded positive operating cash flows of \$2.9M, as well as positive operating and net income. We continue to monitor our expenses carefully while maintaining our ability to support the expected increasing demand for our equipment when the market picks up. We expect a slight sequential increase in fourth quarter revenues."

Camtek will hold a conference call today, Wednesday November 14, at 9 a.m. EST, 4 p.m. Israel time. Rafi Amit, CEO, and Ronit Dulberg, CFO, will host the call and will be available to answer questions.

To participate, please call one of the following telephone numbers at least 10 minutes before the start of the call, referencing the "Camtek third quarter 2007 results conference call".

US toll free:	1 888 935 4575	at 9:00 a.m. Eastern Time

International:	+1 718 354 1387	

The conference will also be webcast live from a link in Camtek's website www.camtek.co.il. For those unable to participate, the teleconference will be available for replay on Camtek's website beginning 2 hours after the call.

About Camtek Ltd.

With headquarters in Migdal Ha'Emek Israel, Camtek Ltd., designs, develops, manufactures, and markets automatic optical inspection systems and related products. Camtek's automatic inspection systems are used to enhance both production processes and yield for manufacturers in the printed circuit board industry, the high density interconnect substrate industry and the semiconductor manufacturing and packaging industry. This press release is available at www.camtek.co.il.

This press release may contain projections or other forward-looking statements regarding future events or the future performance of the Company. These statements are only predictions and may change as time passes. We do not assume any obligation to update that information. Actual events or results may differ materially from those projected, including as a result of changing industry and market trends, reduced demand for our products, the timely development of our new products and their adoption by the market, increased competition in the industry, price reductions as well as due to risks identified in the documents filed by the Company with the Securities and Exchange Commission.
